

**HUGH ARMSTRONG
WAS ACQUITTED**

JURY BROUGHT IN VERDICT YES.
TERDAY AFTER SHORT TIME.

TO DISMISS MARTIN CASE

It Is Said the Charge Against Roy
Martin Will Not Be Brought
To Trial Now.

Hugh Armstrong was acquitted of the murder of Deputy Sheriff Majors by a jury at Douglas, Wyo., yesterday. It is understood three ballots were taken. The jury was not out for a very long time.

It is thought now that the case against Roy Martin will be dismissed by the state.

George B. Baker who was a witness for Armstrong in the trial arrived home this morning. The other Maryville people are expected home Wednesday, being delayed on account of the snow storm and blizzard in the West.

Mr. Baker said that it appeared the police along with the sheriff of Casper made efforts to frame up charges against Armstrong and that public sentiment rapidly changed after the testimony of the sheriff and other police officials in the case.

The following is from a Casper newspaper of the testimony of Roy Martin, Mrs. Roy Martin and Leslie Hallowell:

Roy Martin was the first witness summoned when court convened for the afternoon. He appeared in court with his right arm in a sling and when questioned in regard to his injuries said that the wound in his right hand, from which the thumb was removed, is still unhealed.

His testimony was in substance the story of the evening as related in the opening statement by Judge Murane and he testified that after being called on the telephone by Charles Moore and told that a bunch of Greeks were about his garage, he and Armstrong dressed, picked up guns and ammunition and left the house, Martin in the lead.

He declared that he saw the forms of three men near the end of the garage, and that one man rounded the corner of the garage. That he heard the words, "Put 'em up," or a similar expression. That two shots were fired and that he then heard Armstrong say "Put 'em up yourself." At the same time a shot was fired close to Armstrong's head so that the flash lighted his face, and Martin then became conscious of a burning sensation in his hand and remembered no more until he regained consciousness some time later, and found himself lying near the end of a building described as "the red barn," a log structure on the lot south of the Martin place.

He testified to hearing someone say, "I'm shot, I believe I'll go to the hospital," and later to hearing the same voice say, "Put, I'm shot," another voice replying, "Why don't you go to the hospital?" Whereupon the first party said, "I did go part way, and came back."

He further testified to visiting the houses of several neighbors but was not allowed to repeat the conversation at the house where he finally aroused a neighbor, the court upholding the objection of the prosecution that the incident could not be included in the part of the affair known legally as the regeste.

He heard no statement concerning officers or "You are under arrest," he

**MARYVILLE BASE BALL TEAM
DEFEATED BY ST. JOSEPH**

Game Hard Fought—Won by 2 to 1
Score—Henry Buhler Pitched
Good Ball for Maryville.

The Maryville base ball team was defeated by the St. Joseph Stock Yards team in a game at the league park in St. Joseph yesterday afternoon, in a score of 2 to 1.

The weather was a bit chilly for baseball, but both teams were going in mid-season form and put up a fast, hard fought game for an opener.

The Maryville team showed class and kept the score tied until the seventh, when the deciding run crossed the plate. H. Buhler pitched good ball for Maryville, allowing but five hits. Renner, Cree and Poolman showed up well in the field for the St. Joe team, while Black of Maryville was handiest with the bat, securing two doubles out of three trips to the plate. Two errors were registered on each side, due largely to the slick ball and bad condition of the field.

**PARTISAN ABUSE OF
PRESIDENTS SHOWN**

TREATMENT OF PRESENT ADMINISTRATION SAME AS LINCOLN'S.

HAMPER CONSTRUCTION

Persistent Propaganda of Partisan
Organization Has Destroyed Constructive Work and
Legislation.

Washington, D. C.—Comparing the partisan abuse of President Wilson and his administration with the abuse heaped upon Lincoln and other great American Presidents offering their administration, Representative John H. Small, in a recent House speech, attacked efforts to hamper the President in his program of constructive legislation and the restoration of world peace.

Referring to rejection of the treaty of peace and the passage in the House of a partisan peace resolution, Representative Small predicted that this move would not deceive the American people and that they would know where to place the responsibility, Mr. Small said:

"A partisan majority may adopt this resolution and in the other body a bare majority may adopt it, but it will not, as it is intended to do, deceive the American people. Partisan spirit may ebb and flow, but in the end the American people will do the righteous thing and approve the essential features of the peace treaty, including the covenant of the League of Nations. This peace resolution is without warrant under the Constitution."

Discussing Republican abuse of the President, Representative Small said: "There has been a willful and persistent propaganda proceeding for months to disparage the President of the United States. Gentlemen know this is true. Gentlemen know that such a propaganda was organized. Gentlemen know that its mailing list comprises every city and hamlet in the United States, to which are constantly mailed veiled attacks upon the President, under various guises, but intended nevertheless to destroy him."

"There have been other Presidents maligned. The great Washington had his traducers. Jefferson, the tribune of the people who spoke for popular rights, had his enemies. John Adams and the other great men who have served the American people were slandered by men of their times."

"I had occasion recently to visit the library and to read for nearly a day current newspapers of the last year of the administration of Abraham Lincoln. I have never seen in any current press of the day more vicious, indefensible denunciations and characterization of any man than appeared concerning that great man at that time. Yet today the gentle spirit, the magnanimity, the modesty, the courage, and the patriotism of Abraham Lincoln are a part of our common heritage North and South. And when the history of this present administration comes to be written, there will be found more constructive legislation than perhaps in any administration of the country, unless it be that of Thomas Jefferson. In most of that legislation Republicans joined with what was then the Democratic majority in this body to enact it into law. In fact, you seek to justify this resolution here by citing an alleged declaration of the President to the effect that the war had ended. Great pity it is that the Republican majority should not only seek to cite and follow the declarations of the President when it suits their purposes, great pity it is that while you followed him in the various pieces of constructive legislation which he recommended during the past three Congresses, you do not continue to follow him in this Congress, but have permitted the heat of party passion, the desire for party success, to induce you to leave the ways that have illustrated the best that is in your party when you were followers in that respect of Woodrow Wilson, and for the sake of selfish, partisan success have in this Congress attempted to destroy him."

FREIGHT HANDLERS AND CLERKS

35,000 MEN INVOLVED

Vote on Proposition Tonight—Eastern Service Situation Normal,
Must Return in K. C.

Chicago, April 19.—A re-establishment of Chicago's freight tie up and a drastic freight embargo on all roads loomed up today when eight thousand freight handlers and thirty thousand railroad clerks threatened to join the switchmen's strike Tuesday. The strike proposition vote will be taken tonight. Chairman Worrell of the Brotherhood of Railway Clerks stated the strike was almost certain to be voted unless the railroads avert it by capitulating to the demands of the freight handlers and clerks for wage increases.

Kansas City, April 19.—The striking switchmen must be on the job by eight o'clock tomorrow morning or be jobless under the terms of ultimatum issued by the railroads. Many strikers are expected to return to work today rather than lose their seniority, pension and insurance rights.

New York, April 19.—With passenger service on all lines practically normal and freight moving, railroad officials joined today in declaring the strike around New York is definitely ended.

**WORLD FAMOUS ORGANIST
TO GIVE CONCERT HERE**

Will Appear at the First Christian
Church Thursday Night—Recently
Arrived in America.

Gatty Sellars, world famed English organist-composer, will give an organ concert at the First Christian church Thursday night. Mr. Sellars returned recently from a six months tour of South America, where he gave concerts in the principal cities under the direction of the British patriotic society for the Red Cross funds.

He is the composer of the organ arrangement of the world's most popular song "Keep the Home Fires Burning," and gave the first rendering (New York City) of the war memorial march by America's best known composer of military numbers. He was engaged in Europe to perform for records of his organ compositions after Paderewski had previously played for the Pianoforte records and in America where Joseph Hofmann was the pianist engaged for this purpose. In both Europe and America he is thus announced with the world's highest salaried instrumental artists. During the last seven years Mr. Sellars has given over two thousand recitals on the world's largest organs, appearing on more instruments than any other living organist, playing on strange organs without rehearsals, the entire program from memory, and extemporizing on any theme requested.

How About Your Catarrh?
Do You Want Real Relief?

Then Throw Away Your Sprays, Drops,
and Other Makeshift Treat-
ment.

Why? Simply because you have
overlooked the cause of catarrh,
and all of your treatment has been
misdirected. Remove the cause of
the clogged-up accumulations that
choke up your air passages, and
they will naturally disappear for
good. But no matter how many
local applications you use to tem-

porarily clear them away, they
will promptly re-appear until their
cause is removed.

S. S. S. is an antidote to the mil-
lions of tiny Catarrh germs with
which your blood is infested. A
thorough course of this remedy
will cleanse and purify your blood,
and remove the disease germs
which cause Catarrh.

A WORLD REBUILT

By the Golden Rule
not by the rule of Gold

THIRTY denominations of the Church are uniting in a simultaneous campaign in the week of April 25th-May 2nd.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

These churches know that the world needs many things; but it needs Faith most of all.

They know that there can be no final solution of our economic problems that is not a spiritual solution, based on the teachings of Jesus Christ and His Golden Rule.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including the church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The budget is large in the aggregate; yet if each person who loves America would increase his contribution by only a few dollars the whole amount would be easily subscribed.

We face the task of rebuilding the world. Let the cornerstone be a strong and vital church in every American community; and the measuring rod by which the builders build must be the Golden Rule.

Dinner Guests.

Mr. and Mrs. J. R. Brink were dinner guests yesterday of Mr. and Mrs. W. C. Frank at their home on East Seventh street.

Probably Not.

After she had come home from the party in the four-wheeled cab, little Ethel was telling her mother all her adventures.

"And did you enjoy the ride home, dear?" asked mother.

"Oh, it was very thrilling!" exclaimed the child. "Down at Mason street the horse suddenly stopped and backed right on to the pavement, and the cabman had to get down and drag it back on to the road."

"Yes, dear," said Mother wisely; "it must have been what they call a jibbing horse."

"That wasn't what the cabman called," replied Ethel, thoughtfully.

Economical Arrangement.
